# LAMB MAKER

**novatek Lamb Maker** is a high protein grower-fattening concentrate specifically for use in sheep & goats. The concentrate can be used in different ratios with listed and other raw materials to formulate a lamb fattening ration. It comes standard with ionophores as well as essential minerals & vitamins which will optimize energy utilisation in the rumen.

*“Feeding for Prosperity”*

# Mixing Instructions

Raw Material	Lamb Creep	Cafeteria System		Total Mixed Ration	
		Grower	TMR Starter	TMR Grower	
No 3 Meal / Maize Bran	375	375	300	350	
Cotton Cake / Sunflower Cake	50	150	100	100	
Soya Cake Low Fat	50				
<b>novatek</b> Lamb Maker	30	30	30	30	
Roughage	<i>ad lib</i>	<i>ad lib</i>	75	50	
Total	<b>505 kg</b>	<b>555 kg</b>	<b>505 kg</b>	<b>530 kg</b>	
Crude Protein (min%)	16	15	14	14	

**Up to 50kg Molasses can be added on top of above rations in order to promote palatability and limit feed selection and dust.**

## Feeding Instructions:

**TMR System:** Start adapting them by supplying the Starter ration *ad lib* (free access) for 10 days, where after animals may move over to grower-finisher ration.

**Cafeteria System:** This basically means that the hay is fed on a continuous *ad lib* (free access) basis away from the mixed concentrate. The adaption period will be as follows.

	Concentrate allocation / head (g)
Day 1-3	300
Day 4-5	500
Day 6-7	700
Day 8-9	900
Day 10- 13	1300
Day 14	<i>ad lib</i>

**Flush feed:** The Cafeteria Grower can be supplied to Rams or Ewes (4 to 6 weeks before breeding) at 300g to 600g / head/day depending on their body condition.

## UREA Warning

This Farm Feed contains NPN (Non Protein Nitrogen) sources and must therefore be fed Strictly according to instructions for use.

1. Vinegar is an effective remedy against NPN poisoning. Mix it with an equal amount of water and dose half a bottle per calf or large sheep or 2-4 bottles per head of cattle. (1 bottle = 750ml). 2. Protect this farm feed from rain. NPN is soluble and animals drinking such a solution could be poisoned. 3. Do not feed this farm feed indiscriminately with other NPN containing farm feeds. Consult an animal Nutritionist. 4. Mix this concentrate thoroughly with the prescribed ingredients. 5. Prevent gluttonous eating by hungry animals.

**Although all measures have been taken to ensure the safety regarding the use of this product, Novatek Animal Feeds can not be held liable for any losses which may occur through the use of this product.**
